Canadian Dental Care Plan

I have travelled the riding and met with residents for whom a regular visit to the dentist is no longer affordable. Oral health is part of our overall health. That is why I am proud of our work towards **making dental care accessible to everyone**, so Canadians do not have to choose between paying their bills and receiving dental care.

Already, the Canadian Dental Care Plan is benefitting many residents in the Pontiac.

In June, nearly **700,000 Quebecers** have been approved for dental care under the Canadian Dental Care Plan and more than **3,313 dental clinics** in Quebec have registered with Sun Life to provide care under the Plan!

Children under the age of 18, eligible seniors and adults with disabilities can now apply online for the Canadian Dental Care Plan! This marks a significant milestone, setting the stage for the next phase, which will expand to all eligible Canadian residents in 2025.

If you are eligible for the Canadian Dental Care Plan and are looking for a participating dental clinic, please visit the Sun Life website by searching "Sun Life CDCP Provider Search" on your search engine.

Working together with dentists, we are making significant progress to ensure that every resident of Pontiac has **access to the dental care they need, when they need it.**

Discover our brand
new website!

Dear residents of Pontiac, I am delighted to announce the launch of my brand new website! My website is a platform dedicated to keeping you informed about my projects, initiatives, and upcoming events.

Visit my **website** today and stay connected with me!
